### INSURANCE INFORMATION

A dental insurance policy is a contract between the insured and the insurance company. Our professional services are rendered and charged directly to the patient's account and the patient or person responsible for the account is responsible for payment of all fees incurred. For your convenience, we will gladly assist you in submitting insurance claims pertaining to any charge for care in our office. If you wish assistance, we ask that you provide us with a claim form from your insurance carrier on your first visit or as soon as possible. Otherwise we will assume you are submitting all claims to your insurance carrier and the fees will be due in full from you at time of service or billing.
